

RED CROSS MEMBERSHIP CAMPAIGN OPENS

CITY TO NAME
ADVISORY BODY
FOR APPRAISAL

Public Meeting Called For Tuesday Night In The C. Of C. Rooms.

COUNCILMEN URGE
CITIZENS TO HELP

Five Members Of Advisory Board Will Be Chosen At This Meeting.

Salem will take its first step in preparing for re-appraisal of all city real estate at a meeting in the Chamber of Commerce rooms next Tuesday night when Mayor John W. Post, city council and the board of education will meet in a joint session which the public is urged to attend.

City council decided to take that step in accordance with the wishes of the county auditor, who sent out a letter some time ago requesting such action.

It was explained at council meeting Tuesday night that the letter never reached Salem. Most of the cities and townships have already appointed their advisory committees.

At the meeting next Tuesday night which will open at 8 p. m. and to which the general public is especially invited, a committee of five prominent property owners, to serve without compensation, will be appointed as an advisory board for the work of re-appraising all real estate.

The county auditor explained in the letter that it is advisable for council and board of education to be represented on the committee so it is probable that one member of each body and three other persons will be chosen.

An Advisory Board

The committee is to serve as an advisory board to the local assessors, four of whom will be appointed. After instructions from the county auditor the board will select other committees to place values on land and lots; another committee will also assist the city auditor in selecting ward captains and checking up city maps and handle all questionnaires in the field.

Another important function of the advisory board is to act as a board of revision to hear complaints from property owners after the assessors have done their work.

Councilmen last night, through their president, B. J. Flick, stated that the public at large is invited to the meeting. It is hoped that a large number of citizens will take enough interest in the matter to turn out and assist the boards in doing the preliminary work.

City council Tuesday night received a letter from the Municipal Civil Service Commission which asked council to raise the present salary of the commission clerk, Roy Harris, from \$100 to \$200 a year.

The commission declared the duties are so heavy and take so much time that they believe the clerk's salary should be doubled.

The ordinance committee was instructed to investigate and make some recommendation.

Mayor John W. Post did not submit his monthly report to council.

61 MILLIONS CASH
BALANCE OF STATE.

Menace To An Economical Administration, Says State Auditor.

Columbus, Dec. 5.—The state of Ohio is financially in good shape, except that a prospective cash balance of \$61,650,000 in the general revenue fund by Jan. 1, 1924, "is a standing menace to a prudent and economical administration of state affairs," according to the annual report submitted today to Gov. Donahey by State Auditor Tracy.

"No additional sources of revenue need be sought at this time. The cash balance of over \$12,000,000 in the general revenue fund, at the close of the fiscal year, June 30, is more than \$1,000,000 in excess of the estimate made one year ago.

"With an economical administration of the various state activities, the revenues accruing under present existing laws should not only meet the current expense of the state government but provide fully and adequately for the continuation of the road-building program, and also for the necessary expansion of the state penal, benevolent and educational institutions," the auditor stated.

Another Hit; Several
Features Are Added

The Elks "Follies of 1923" scored another big hit Tuesday night when the success was repeated before another capacity crowd. Wednesday night a third time for the third time is certain as most of the seats are sold.

Much improved over the first night the home talent performers put over their various parts in a very entertaining way, many new jokes and features being listed.

"Shorty" Matson was Don Hasbrouck's "fight" partner Tuesday night, and created much fun. "Shorty" declared Wednesday that he is now feeling like his old professional self.

The cast more at home in their parts than the opening night, were all much improved.

COUNTY'S OLDEST
RESIDENT DEAD

Mrs. Ann Taylor, 101, Dies At Home Southeast Of Columbiana.

Columbiana county lost one of its oldest residents in the death of Mrs. Ann Taylor, widow of Joseph Taylor, who died Tuesday morning following a few weeks' illness at the home of her daughter, Mrs. Clinton Chamberlain, southeast of Columbiana. Had she lived until Feb. 2, she would have been 101 years old.

Mrs. Taylor was born in Chester county, Pa., and came to this county when young. She had spent her life in the community in which she died.

Surviving are five children: Mrs. Chamberlain, at whose home she died, Mrs. Albert Farmer, Mrs. Rachel Moore, Elmer Taylor, all of that vicinity, and Mrs. Curtis Whitacre of Los Angeles.

The funeral at 2 p. m. Thursday will be at the Chamberlain home.

NAMES CERTIFIED
FOR POSTMASTER

The question as to who will be postmaster of Lisbon, which has been hanging fire since September, when the term of Postmaster W. S. Potts expired, was revived in Lisbon yesterday afternoon when the several candidates received notification of their grades from the United States Civil Service Commission.

There were five candidates, J. F. Adams, Homer L. Deemer, Albert Webber, H. E. Marsden and W. L. Hols. Adams came through with a grade of 85, Deemer 83.41 and Webber 80, and these three constitute the eligible list from which the postmaster is named. Deemer has served as deputy in the postoffice for some years and Webber is a clerk.

Money Is Raised To
Repair M. E. Church

Enough money has been raised to finance the repairs to the M. E. church, which was damaged by a bomb explosion some weeks ago.

This was announced after a meeting of the official board Tuesday evening. About two-thirds of the work on the repairs has been completed and it probably will be finished within the next week or 10 days.

Rev. Miller Teaching Class
Of Foreign-Born Residents

Through the efforts of Rev. H. L. Miller, pastor of First Christian church, a class of 22 foreign-born residents of Salem is taking a special course in English.

It is an altruistic undertaking started by the pastor with the view of adding the immigrant to better his condition and of promoting the work of assimilation.

Rev. Miller told the Rotary and Travelers clubs Tuesday afternoon about these classes in which the men have shown so much enthusiasm. They come three nights a week, all eager to grasp the lessons taught.

There are three classes, beginners, intermediate and advanced, composed of men of all ages.

Ray F. Carter told the Rotarians that Community Service had abandoned the idea of having a place on the back streets for the foreign-born because it was considered that they needed the association of Americans in order to instill in them the ideals of America.

IMMIGRANT OFFERS
AMERICA PROBLEM
OF SELF-DEFENSE

Americanization Worker Of Akron Speaks At Two Club Meetings.

EDUCATION BASIS
OF ITS SOLUTION

Assimilation Of Foreign Born Is Challenge To Americans, He Says.

"The immigrant problem is one of self-defense for the American people. Our only salvation is to get back to a plain, honest basis of fair play. We must give the immigrant a vision of what America is or should be."

In these words C. A. Graham, in charge of Americanization work in Akron, summarized a paper before the Rotary club Tuesday noon for constructive educational work to assimilate the foreign-born. Later in the afternoon he spoke to the Travelers club.

Not overlooking the necessity for legislation, Mr. Graham declared he was convinced that the greatest work before the Americans in meeting this problem was an educational effort.

"A foreign-born man comes as a guest of this country and he has no right to defy or disobey laws made by our people," said Graham. "If he can't live under the provisions of our constitution, the only thing for his good and for our good is for him to go back to the place from which he came."

"He came with certain responsibilities that a guest should observe. One who hasn't the spirit of America has no business to help shape its policies and its laws."

Declaring his faith in the average immigrant and likewise in the average American, Mr. Graham insisted that we must look at the immigrant problem in a broad, sympathetic way. "In this problem is a challenge that comes to Americans to find a way out. We must look at it from the standpoint of its real meaning in our American life."

"Americanization will have to be a spirit and not a propaganda if this problem is to be solved. We must build up a program of understanding."

The immigrant finds himself absolutely lost in America, Graham concluded. (Continued on fifth page.)

Dr. Cadman To Speak
At Rotary Meeting,

Dr. S. Park Cadman, noted lecturer who is to appear next Tuesday night in the program of the Methodist day school course, may deliver a message to the Salem Rotary club at noon Tuesday.

Russell Gibbs, in charge of next week's Rotary program, has been assured by Dr. Cadman that he will speak if it is possible for him to arrive in the city by noon. In that event each Rotarian will bring a guest and the ladies will be invited.

It is also possible that the Columbiana Rotary club will be invited to attend the Salem meeting that day.

Youth Escapes From

Judge Lodge Riddle yesterday received a letter from E. J. Emerick, superintendent of the Feeble Minded home at Columbus, stating that John Bowersock, aged 19, of East Liverpool, who was committed by him to the institution on Nov. 27, escaped on the 29th, and was still at large. Bowersock had been in the feeble minded home on a former occasion. The court is asked to notify the institution if any trace of him is discovered.

Says Gun Was Discharged
During Scuffle.

Nick Marku, charged with murder as the result of a shooting in his cafe at East Alliance Monday afternoon, was taken to Youngstown Tuesday night after pleading not guilty at an arraignment before Mayor Guy Mushrush of Sebring.

John S. Narcu, an employee of the alleged slayer, was killed and T. P. Crawford of East Palestine, prohibition enforcement agent and Thomas Sokach of Alliance were wounded when officers entered Marku's store to search for liquor.

Marku fled but was captured about noon Tuesday in a barn near Homeworth. He claims his wife attempted to intercept the officers and was knocked down, whereupon a fight followed. In the shuffle Marku alleges that his shotgun was discharged and he did not know anyone had been hit because the smoke in the room obscured his view.

Crawford and Sokach are in Alliance City hospital but are expected to recover from their wounds.

YEGGS OPEN SAFES
IN SALEM OFFICES,
LOOT TOTALS \$50

Freedom Oil Co. Loses \$40, \$10 Taken At Peoples Lumber Office.

Yeggs sometime Tuesday night opened safes in two offices in the manufacturing district and escaped with loot amounting to about \$50.

For the second time in three months the safe of the Freedom Oil Co., West Pershing ave., was chiselled and the strong box ransacked.

Entrance was gained through a rear door in the oil warehouse. The bandits then knocked a panel from the door leading to the office, reached through and hammered the lock off, and then chiselled the safe door.

The job was done in almost the same fashion as before, Manager L. Goodballet, who discovered the robbery when he opened the office at 6:15 a. m. Wednesday, told police.

The yeggs, with a heavy sledge hammer and chisel, had made an opening in the top of the door of the safe and then knocked off the rivets.

About \$40 was taken although Manager Goodballet said Wednesday that a complete checkup had not yet been made.

The other robbery occurred at the Peoples Lumber Co. The safe there, left unlocked, was ransacked and around \$10 in currency taken.

Chief of Police T. W. Thompson said Wednesday that no clue to the bandits had been secured. He expressed the belief that it might be the work of local talent, or at least someone who was familiar with the offices, because the jobs look the same as those pulled before.

Little Band Of Insurgents Haul Down Colors After Winning Fight.

DEMOCRATS JEER
AT PROCEEDINGS

Fight To Liberalize The Rules Won After Three Day Deadlock.

Washington, Dec. 5.—After fighting like Killikenny cats for two days, the Republicans of the 68th congress buried their differences today and peacefully and prosaically organized the new congress for business.

Frederick H. Gillett, Republican, of Massachusetts, was re-elected speaker of the house on the first ballot taken.

The little band of Northwest insurgents who for three days held the house in deadlock, having won their fight to liberalize the rules, hauled down their colors this afternoon and joined with their Republican brothers of more conservative stripe in putting Gillette over within an hour after the time set.

The Democrats jeered at the proceedings while voting as usual for Finis J. Jarrette, Tennessee. The insurgents smiled satisfiedly, as victors, and the Republican leadership breathed a sigh of relief as the clerk announced the election of "the gentleman from Massachusetts."

The result was never in doubt from the time that the name of Beck of Wisconsin, the first on the rollcall, was reached. Beck, who on eight ballots had voted for Cooper of Wisconsin, said "Gillett" and a scattered hand clapping went up from the Republican side.

Representative Anderson of Minnesota and Beggs of Ohio attempted to stop Cooper, but were called down by Representatives Longworth and Madden.

"At this juncture," said Madden, "there should be no attempt to stop Mr. Cooper and lead to a dispute that may threaten the harmony."

Mention of the word "harmony" brought jeers from the Democratic side. More jeers greeted Representative Woods of Indiana when he attempted to say that the concession insisted upon by the insurgents and won after two days fighting didn't amount to anything anyhow as the regular leaders had planned right along to meet it.

London, Dec. 5.—The British political campaign wound up today in a blaze of oratory and tomorrow the fate of the Baldwin cabinet will be decided at the polls.

A feature of the last 48 hours of the campaign was the growth in violence and rowdiness in various quarters. Candidates were threatened or attacked. Lord and Lady Eastcase Percy were injured in an election riot at Hastings.

A heavy vote, especially by the women, is expected.

Girl In Pittsburgh

Pittsburgh, Dec. 5.—An unidentified girl, believed to be in the employ of the H. J. Heinz Co. here, was kidnapped today by three men who dragged her into a closed automobile from a street corner in one of the busiest sections of the city.

Pedestrians, too bewildered to take any action, saw the girl thrown to the floor of the car and witnessed one of her assailants as auting her as the car whisked away. The girl wore a uniform similar to those worn by Heinz company employees and a checkup of the factory is being made to determine her identity.

Slogan Of Campaign Is 100 Per Cent Homes, Shops And Stores.

TWO-DAY CAMPAIGN
FOR 4,000 MEMBERS

Workers Get Instructions And Begin Canvass Wednesday Morning.

One hundred volunteer workers, divided into ten teams, set about the task Wednesday morning of canvassing the entire city with the avowed purpose of enlisting every man, woman and child in Salem in the membership of Salem chapter, American Red Cross.

These workers are talking in terms of memberships, instead of money, and their slogan is 100 per cent homes, shops and stores. Their goal is 4,000 memberships, which they hope to attain by Thursday night, when the campaign closes.

Final preparations were completed at a dinner in the Elks home Tuesday night, at which C. T. Brooks presided as chairman. Rev. H. L. Miller, chairman of the campaign, outlined the duties of the team workers and urged them to spread the gospel of the Red Cross in their canvass.

Two-Day Campaign
A Red Cross poster in every home is the aim of the workers. Many of the women conducting the campaign appeared in Red Cross caps and aprons, all instructed to leave the organization's literature at every home. A silk flag will be given the team obtaining the most memberships.

Headquarters of the campaign are at the Chamber of Commerce rooms, where Miss Myra Erwin, secretary, will receive reports Wednesday and Thursday. The workers will assemble there at 8 p. m. Thursday to give their final reports.

One-half of the membership dues of \$1 a year remain for local work; the other half goes to national headquarters in Washington for general relief work. No part of the money received for memberships will be used to pay for the team workers' dinner, as this expense was met by C. T. Brooks.

Mrs. W. H. Dunn is in charge of the women's teams, while Dr. B. McCune is directing the work in the shops. A team of men, headed by Leo W. Atkinson, will canvass the business district. Already the work of soliciting the shopmen is well under way, one shop reporting a 100 per cent membership. A worker in each shop has been named to solicit his fellow employees.

The team captains and worker are:

The Best Cough Syrup
is Home-made

Here's an easy way to save \$2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a pint bottle, pour 2 1/2 ounces of Pinex, then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

THIS HEALING CREAM WILL STOP CATARRH

PLANTS THAT HAVE "SIGHT"

Either That Sense or Instinct Which Would Seem to Answer the Same Purpose.

We know that plants are sensitive to light and darkness. Many of them move during the day to turn the faces of their flowers always to the sun. Others open only when the daylight is dying, and when the moths on whom they rely to carry their pollen are abroad.

Climbing plants, such as sweet peas, seem to fling their tendrils in an almost unceasing way in the direction of anything that will serve as a support.

RED PEPPER HEAT ENDS RHEUMATISM

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you and it certainly stops that old rheumatism torture at once.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

BONUS BILL NOW SEEMS CERTAIN

PROBABLY NEITHER MELLON TAX PLAN NOR THE PRESIDENT'S VETO CAN STOP IT.

VETERANS' POSITION STATED

By EDWARD B. CLARK
Washington.—Recently some doubt was expressed in letters from Washington as to the success of the bonus bill in congress. Next year is a campaign year. Things have come along rapidly, some things not reckoned of in advance, and confessedly it now seems likely that the bonus bill, or as it is called the adjusted compensation bill, will become the law of the land before the springtime, even if President Coolidge shall interpose his "I forbid."

The last word on the subject of bonus legislation is that 68 senators of the United States are pledged to vote to override the will of President Coolidge in the matter if he shall veto the measure after the Capitol has sent it to the White House with its approval.

Members of veterans' organizations interested in the subject have said from the first that the passage of a bonus bill at some time was inevitable. It is more than possible that proof soon will come that they were right. It is even said that Mr. Mellon's tax reduction plan will not avail against the bonus.

How much influence there has been in the veterans' word to the country that the case of the bonus bill is one of Main Street against Wall Street it is hard to tell, but naturally this kind of a statement of the matter must have had some effect. It is true that great associations of business men in the United States have declared publicly against the bonus, saying that it would raise taxes and hurt prosperity.

Not "Seeking Pay" for Services.
It has been said in a thousand places that the soldier is "seeking pay" for his service. Here is what representatives of the veterans' organizations who are charged with the work of forwarding the cause of the legislation say to this charge; it is an exact quotation from an official statement:

"The charge has been made that former service men are seeking pay for their services. Can any charge be further from the truth? Can it be supposed for a moment that if such were the case, such a modest adjustment of about a dollar a day would be asked for what service men went through?"

"The soldier asks no reward for his service in uniform. That is his pride. For the hardships, dangers and sufferings he endured already have been paid for in his knowledge for all time that in the hour of his country's need he was called and not found wanting."

"But he is forced to share the expenses of the war, now and in the future, and pay his proportion of the debt incurred and of the profits earned in his absence by others."

"He was forced to pay for the high cost of living, imposed on the entire country through the prosperity of the civil population. He was forced to pay his share of the \$200-a-day wages paid to civil workers. He was forced to pay his share of the bonuses paid to the railroads and the war contractors. He will be forced to pay in the future for the huge war debt incurred in part through these large payments to others in which he did not share, but for which he is jointly responsible."

Illustrated by a Story.
This is the way the service men have put the matter to the country and its legislators. It is an old story now, but all of the things which are said in the quotation given are perfectly better expressed in a little human nature story of the front in France for it is human nature that is at the bottom of the demand for bonus.

Two soldiers met in France. One was from one division and one from another, but they were from the same home town in the United States.

"Bill," said Jim, "have you heard from home?"
"Yes, Jim, I have heard from home. Bob Jones managed to keep out of the army."

"Yes, Bill," said Jim, "Bob Jones kept out of the army and he has my job and my girl."

This little interchange between two privates of the A. E. F. in perhaps a somewhat sharper form was included in a vaudeville performance given for the men at the front. The army censors cut the dialogue out because it was believed to be bad for the morale of the men, but nevertheless in that interchange is to be found the human reason for the demand for the bonus.

Recently it seemed that the bonus bill might not be endorsed by the senate and it seemed virtually certain that even if it went through the upper house the President's veto. Today things look different. President Coolidge may sign the bill, but if he does not it seems probable that congress will pass it over his forbidding word.

No Chance.
Blinks—The government has its limitations.
Links—For instance?
Blinks—It can abolish the \$2 bill, but it can't bring back \$2 coal.
Periods were worn anything, etc.
Bill the news is up now, see—
—Glad to hear of it, Bill.

SALEM HIGH COACHES MAKE GOOD

Coaches Swanson, Richtman and Nickel

Has Coach S. C. Richtman made good? Followers of football in these parts will answer yes with a loud voice and a successful basketball season is in the offing.

Aided by two splendid assistants, Bruce Swanson, Ohio State, and George Nickel, Milwaukee Physical Training star, Richtman, all-Wisconsin in 1917 and a graduate of the LaCrosse Normal college, Wisconsin this year molded a wonderful combination out of practically raw material.

At the start of the season there were but three veterans, Sartick,

Houser and Vollmer. Captain Crutcheley was ill of typhoid fever. Yengling, a sub last year, was just coming into glory.

Richtman put Nickel in charge of the line while he and Swanson took the backs into training. And look at the result. The team finished the season in second place in the county scholastic race. It almost means Richtman can be heralded as a High school "miracle man," especially because of the fine veteran teams other county schools sported.

True the starting was a bit slow, and sort of a nightmare, but with a championship team last year still

of Davey Tree Surgery

Permanent positions for good men

John Davey's organization, The Davey Tree Expert Company, Inc., has a limited number of openings for ambitious young men between 20 and 30 years of age. Single men are preferred.

These positions are permanent and offer a lifetime opportunity to men who make good. The business of the Davey Company approximates one million dollars per year and is limited only by the number of capable men who can be trained for responsible positions.

No experience in Tree Surgery is required. We furnish the necessary training to the right kind of young men. This training is very thorough, embracing intensive work both in the field and later in the class room.

Tree Surgery is intensely interesting. It is professional work of high standing and dignity, and develops a fine scientific knowledge that is invaluable.

It offers robust health—outdoor work in the fresh air and sunshine, with properly balanced exercise. It is the ideal profession for the young man who wants to get away from the grind and monotony of indoor work. It is a wonderful physical developer.

The pay is good at the start and the opportunity for advancement is unusual. There is plenty of room at the top for good men. Work with the Davey Company offers an unusual chance to travel and see many parts of this country, with carfare paid by the company from one place to another.

Only the finest types of clean, red-blooded young Americans are employed by the Davey organization, and only young men of this kind need apply. A high school education or its equivalent is desired. We also require fully satisfactory references as to honesty, dependability and willingness to work.

"The Fool," Notable Play, Is Coming

MARY MARGARET AND THE YOUNG PREACHER, CHANNING POLLOCK'S GREAT PLAY, "THE FOOL"

One of the most notable attractions in many years is "The Fool," by Channing Pollock, which will be presented by the Selwyns at the Grand opera house next Monday evening. This play was a sensational dramatic triumph for more than a year in New York and during a run of six months in Boston. No new play in the early days of its career ever before swept the country with the same interest, and this occurred first before "The Fool" was six months old, with the same intense desire to see it continuing.

There is hardly a town of any size that has not heard of "The Fool." For months past every theater manager in the country has been besieged with inquiries asking when the play would come their way. If any play can pack the Grand theatre it should be "The Fool."

"The Fool's" message is vital to everybody and penetrates the thing mind as no other play has ever done.

"One Exciting Night"

For his latest motion picture sensation, "One Exciting Night," which has been announced as the feature attraction for Thursday, Friday and Saturday nights at the High school auditorium, D. W. Griffith, master maker of photoplays, has taken for his cue the increasing popularity of the last two or three years of the stage melodrama and has produced a mystery picture par excellence.

In this newest of Griffith films, a United Artists Corporation release, the great director gives five of the six elements that go to make up effective mystery — secreted treasure, personal disappearance, puzzling homicide, hidden identity, and the return of the avenging spirit. And with it all he gives the spectator an altogether marvelous assortment in the way of actual entertainment.

There is as sweet and dainty a love story as ever was filmed; there is mystery galore; mystery till the audience sits breathless and then comes relief from the suspense in the form of the most delightful and laughter-provoking comedy from Romeo, Washington, a wonder of blackface character who finds himself torn between love of a dark-skinned girl and the pursuit of a healthy figure that creep in and out are seen everywhere.

Woman Finds Remedy Worth Millions Fortune

"I wouldn't take a million dollars for the good Mayr's Wonderful Remedy has done for me. I have finished the course and can say I am entirely cured of very severe indigestion, bloating and colic attacks I suffered from for many years. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists."

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of us recommend this ready-to-use preparation, because no one can possibly tell as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous and you appear years younger.

Home-made, but Has No Equal for Coughs

Makes a family supply of really dependable cough medicine. Easily prepared, and saves about \$2.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with croup and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2 1/2 ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Rickenbacker

FEATURES ALL CARS MUST HAVE—SOONER OR LATER

Unbiased authorities state that Rickenbacker has contributed more
engineering refinements to the industry in three years than has been
developed by all other makers combined in the past ten.

It is impossible to enumerate in one page all of the Rickenbacker
features referred to in the above paragraph.

In your selection of a car, we would call your attention to the car-
dinal importance of the following:

We earnestly advise you to buy only a car that is equipped with
4-Wheel Brakes.

Rickenbacker has brakes on all four wheels of course—pioneered
in this engineering feature which others are now hastily adopting.

Four-Wheel Brakes will prove to be the greatest improvement in
automobiles since the introduction of the self-starter—13 years ago.
Mark that prediction—and see.

We prophesy that in six months or less every automobile selling
for \$1,000 or over will have 4-Wheel Brakes. Watch and see.

Four-Wheel Brakes permit you to stop in half the distance you
can with ordinary 2-wheel brakes and with less foot pressure. Your
daughter can operate them with ease.

Then, there is the famous Rickenbacker motor which has no an-
noying Periods of Vibration. The tandem flywheel smooths out the
motor at all speeds.

Also the "Carbonless Motor"—accomplished by the automatic air
cleaner.

The Rickenbacker line includes handsome Touring Phaetons,
graceful Coupes and superb Sedans. All are harmoniously fashioned.
The closed cars have exquisite interiors.

SPIRIT OR SOUL OF THE OAK

Mysterious Mistletoe, Growing From
Sturdy Tree, Looked Upon by
Druids as Holy Thing.

THE mistletoe season draws
near. Many boughs or
pendants of this mysterious
and beautiful plant will be
torn from oaks and other
trees and suspended from chandeliers
and doors.

Many myths are associated with
the mistletoe. The Druids of Britain
looked upon it as a holy thing. To
them the oak tree had a strong reli-
gious significance and seeing the curi-
ous plant growing out of the oak they
conceived that it was the spirit or
the soul of that tree. In this way
it is believed that the Druids came
to regard the mistletoe as the symbol of
life and they therefore treated it with
manifest reverence and gave it a
prominent place in their religious
rites. It is also believed that the Dr-
uids held the mistletoe as sacred to
Franya, the goddess of love, and that
this is how it came to be associated
with love-making and kissing.

The old herbalists, the forerunners
of the physician, regarded the mistle-
toe as a thing having remarkable ther-
apeutic properties. It was held to be
good for epilepsy and for various con-
vulsive "distempers." Many of our
British and our Irish ancestors be-
lieved that the mistletoe was a charm
against disease.

The mistletoe is a plant parasite,
and yet not altogether a parasite.
Though it would rather live off of the
tree, it was the means of self-support.
It fastens itself upon its host, pen-
etrates its tissue and draws nourish-
ment from it, often deforming it and
sapping its vitality. Yet the mistletoe
is a green, leafy plant; that is, it pos-
sesses the green pigment, chlorophyll,
which gives the green color to normal
vegetation. The presence of green
leaves indicates that the mistletoe has
the power, which independent green
plants everywhere possess, of con-
structing organic foodstuffs, such as
starch, out of inorganic compounds,
carbon dioxide and water, utilizing
sunlight as the source of energy in
the process. It is, therefore, only
partly a parasite so far as dependence
upon its host for food is concerned,
but it is none the less harmful on that
account.

THE FIRST CHRISTMAS CARD

First Decorated Yuletide Greeting Was
Made for Sir Henry-Cole
in 1843.

ENGLISH NOTES AND QUER-
IES has the names of three
men who at one time or an-
other have been credited
with designing the first
Christmas card. W. C. T. Dobson has
some claim to making the first Chris-
mas card in 1844, but John C. Horsley
made a Christmas card for Sir Henry
Cole in 1843 and later began the pub-
lication of such cards.

But there is nothing particularly
new in the origin of pictures sent to
remind friends of some particular
event. The custom was very old in
China, from which country so many
customs came to be known as very old
after they were established in Europe.
In the Chinese laundries pictures in
red and black used to be familiar to
the man going for his weekly wash.
They were Chinese New Year cards
which remained on the walls until the
next New Year came around. But the
sale of Christmas cards as a business
came in about 1845 or 1846. The Ameri-
can-made cards some years later have
the credit for introducing quality and
artistic design into Christmas card
printing.

On New Year's day Japanese mer-
chants send their patrons cards with
greetings of the season. An elaborate
symbolism is used in conveying the
Japanese messages, and when it is
known the stock is supposed to live a
thousand years and the turtle ten
thousand, their significance on the
cards is readily understood; they say
to the recipient, "We wish you a long
life." The pine tree, everlastingly
green, is a symbol of good fortune;
the fan means increasing good fortune.

The seven gods of good fortune oc-
cup prominent places on the New
Year's cards. They are Ebisu, happi-
ness; Daikoku, prosperity; Bentei,
music; Fetei, charity; Goro, long life;
Fukuroku, good luck, and Bishamon,
protection against evil.

Christmas and Twelfth Day.

The festival of the Nativity was
never held on any other day than the
25th day of December. The ancient
observance of the feast, however, con-
tinued for 12 days, or in ecclesiastical
language, "an octave and a half," other
festival days having an "octave" or
eight days of observance only. Hence,
the last day of the feast was termed
Twelfth day, Little Christmas (among
the French) and Old Christmas day in
some parts of England. It was in
813 A. D. that the Epiphany was first
celebrated as a distinct festival, at the
end of the Christmas celebration prop-
er. The day has its own observances,
twelfth day cake, king of the feast,
the mystic bean in the cake, etc., etc.,
but is now usually celebrated as "le
jour de roi," by the French people,
or as the festival of the Epiphany, the
Greek word for manifestation of Jesus
Christ to the Gentiles.
